Financial evolution

TURNOVER

Teknia recorded revenue of €430.5 million in 2024, a 6.3% decrease compared to the previous year.

The year was marked by temporary operational efficiency adjustments aimed at preparing the company to face the challenging environment in the automotive sector.

EBITDA

EBITDA stood at €36.1 million, 26% less than the previous year.

This figure reflects an impact of €4.6 million in extraordinary adjustments, mainly workforce.

ADJUSTED EBITDA

Adjusted EBITDA, net of the impact of one-off adjustments, stood at €40.7 million, demonstrating the operational strength of Teknia's business even in an exceptionally challenging year marked by a sharp slowdown in the sector.

AMBITION

We want to achieve **climate neutrality** and offer our customers **carbon neutral products** by improving the efficiency of our processes

We want to promote the development of talent and the **work-life balance of our employees**, as well as **ESG training** for the entire team. We also contribute to the development of vulnerable groups through our **social action**.

We want **ethics, commitment and transparency** to continue to guide our actions and decisions in the company.

PERFORMANCE

- Since 2022, we have reduced our emissions intensity by 13%.
- 54% of the electricity consumed in the Group comes from renewable sources, an increase of 8.5% in the last year. In Spain, this figure rises to 74%.
- 12% in electricity consumption thanks to photovoltaic self-consumption installations.
- In 2024, Teknia Martos (Spain) has become the first carbon neutral plant in its operations.

- More than 1.3 million euros of investment in social projects since 2022.
- 112,187 people have benefited, directly and indirectly, from our social projects in the last 3 years.
- 35.7% of women in the workforce.
- 34% decrease in accidents at work in 2024 compared to 2023.
- Employee training hours have increased by 116% in the last year.

Teknia's Code of Conduct is the common framework for ethics and compliance:

- It establishes the principle of diligent action for the prevention, detection and eradication of irregular conduct.
- Zero tolerance for fraud and bribery.

We have signed up as a Partner of the **UN Global Compact**.

In 2024, the new Corporate Risk Management System was presented, including risks against human rights and climate change.
